ABOUT US

The objective of Bhattar Singhania & Associates is to achieve excellent in accounting & financial services which leads to superior business performance.

At Bhattar Singhania & Associates, our values form the core of our organizational functioning. It determines the corporate culture of our company, speaks about our persona, and defines the way we will react in situations of crisis. They influence the way we behave towards our partners, employees, customers and community.

Value Creation

We aim to create value for our:

- a) Customers by providing them superior service and deep insights with an easy to work sales and delivery team.
- b) Employees by providing them great working conditions, learning and development and growth opportunities.

Customer Orientation

We know that customers are the heart and soul of our business. As such, we invest heavily on listening to our customers and understanding their needs and wants. Not only do we just listen to them but we continuously learn and improve upon our services provided to them.

Integrity

We believe in trust, respect, honesty and transparency. We focus on building trust and honesty by respecting people across different cultures. We work ethically and we walk our talk by delivering what we promise.

Innovative

We challenge the routine way of doing things and accept new ideas. We think big. We think smart. We think out of the box.
