WOW

From the Desk of Hon'ble Justice Sri S J Mukhopadhya, Chairperson, NCLAT

The relentless effort and contribution of the 'Institute of Chartered Accountants of India' in the growth and overall development of Accountancy Profession has been well recognised. In the present scenario of digitization, the importance of the Chartered Accountants as strategy formulators and facilitators has increased tremendously.

The Institute of Chartered Accountants of India having full knowledge of the nuances of the Code has played pivotal role to ensure successful implementation of the '**Insolvency and Bankruptcy Code, 2016**'

Think CA - Express WOW

Dear Esteemed Colleagues,

When we think of innovation, which companies come to our mind? Apple, Google, Microsoft... Some of the Indian names could be perhaps Titan, Su-Kam, Shantha Biotech? Can you think of an Indian Institute or a professional body? Well, I can now certainly think of one because of the numerous feedback that I have been receiving from our members and students and the one thing which I found common in their feedback is that ICAI-EIRC is on an innovation spree.

Whether it is our newsletters, organizing programs jointly with study circles, the ambience at our conferences, the topics selected for discussions, social programs, leadership initiatives like WOW Talks, choice of guest faculties, career awareness initiatives, we have put in our best in every front and one of the reason for this is our constant orbit-shifting innovative ideas. After the recently concluded one day knowledge symposium and power session where our gracious Learned Justice Mukhopadhyaya, Chairperson NCLAT along with country's leading experts, many people asked me, "How did ICAI-EIRC make it possible?" I take this opportunity to answer them by borrowing some lines from a book titled, "Making Breakthrough Innovation Happen" by a famous author, Mr. Porus Munshi which reads as follows:

"Orbit-Shifters begin with a create-history kind of impossible challenge that engages the heart rather than to reason. Next, they seek out cutting edge insights to find ways of reaching that challenge. The breakthrough strategy emerges either from these insights or from a complete reframing of the established order. Then they constantly enrol the numerous stakeholders, gatekeepers, team members, influencers and regulators who can make or mar the mission. And not just enrol them, but actually infect them so that they become champions of the mission."

I am indebted to ICAI-EIRC team, dedicated EIRC Secretariat, the members & students and all well-wishers and critics for their continuous support. Let me brief you the journey of EIRC in the month of May, 2019.

May 2019 @ EIRC

The month of May is a very crucial month, as the CA Examinations takes place in this month. May 2019 has been more important for our Country as we have witnessed the results of the most hyped general elections in our country. India perhaps became the only country in the world where after implementation of GST, the incumbent government has been voted back to power and that too with a super majority. We congratulate all the newly elected and re-elected lok sabha leaders of our country

and hope to see overall growth and prosperity of the entire nation in times to come under their leadership.

The month of May witnessed 3 full day mega events being organized on 18th, 25th and 31st May. EIRC organized a unique and landmark IBC Summit along with VIP Road CA Study Circle. A full day Corporate Law Conclave and a GST Conference was also very successfully organized. All the programs saw the best ambience and participants from the Industry, Academia besides other professionals. The speakers came from all across the Nation and the sessions were very well received.

WOW Talks, has been introduced for the first time by the Institute for its members. The same was conducted in EIRC for the first time. This 27 hours programme has been intricately designed and planned and the participants are benefitting extremely out of the same. Thanks to Prof. Dilip Shah and CA Amar Agarwal for their pro-active support in organizing this training program.

Epilogue

I always agree with the fact that the usual block to innovation in a developing world is the apprehension: 'Has anyone done it before? If no one has done it before how can we do it? We often end up not taking initiatives by creating our own mental block. This often leads to change in our final intent and modifying rather than creating new-to-the world innovation. With experience, I have learnt that one should work towards a complete focus on one's final intent. The right time is now and the best team is the one you already have. Everything else is an excuse to put off important. I am confident that with the support of all our stakeholders, ICAI-EIRC will continue to stand taller with every passing moment.

I am sure you will thoroughly enjoy knowing the happenings at EIRC of ICAI

Look forward to your valuable feedback, always.

Happy Reading!!

CA Sumit Binani

ANNOUNCEMENT FOR MEMBERS AND STUDENTS

LAST DATE EXTENDED TO 30TH JUNE, 2019

SURVEY FOR SEEKING PREFERENCE FOR FOREIGN LANGUAGE COURSE FROM ICAI MEMBERS AND STUDENTS

Committee for Export of CA Services & WTO of ICAI is working on the Action Plan for Champion Sector in which promoting foreign language amongst members and students is one of the mandates by Government of India. With an aim to overcome language barrier and thereby have enhanced professional opportunities overseas, ICAI, through German, French and Spanish Embassy had initiated batches of German, French and Spanish Languages for its members and students and is going to start with Chinese, Japanese and Arabic by next quarter.

Interested members/students are requested to kindly express their interest for the preferred foreign language which would facilitate ICAI to open up future batches of foreign languages in their respective jurisdictions. The expression of interest can be provided by visiting https://www.icai.org/new_post.html?post_id=15512&c_id=240 which is open till 30th June, 2019.

Message of Chairman, EICASA

My dear Brothers and sisters,

By the time you will be going through this message, your exams will be over and countdown for your result would have started and let this season of scorching biting environment be relieved away! As you are aware that the preparation for Students' National Conference 2019 is in full swing and the excitement is soaring every day.

This time it is going to be unique in terms of variety of technical and motivational topics and discussion and deliberation by prominent speakers! Technical Sessions will cover up topics on Indirect Tax that includes various happenings taking place in the field of GST while Direct Tax would be comprised of latest developments in the field of Income Tax. This apart, current standards of Auditing will be discussed in Auditing while Company Law would throw light on various amendments introduced by the competent authority.

In the motivational Sessions, there are huge surprise in store for you. It would not only be a one-way deliberation and listening to, but also an ever-remembering, brain-storming and relaxing interactive session and above all motivating sessions will be witnessed by all of us.

This time, Board of Studies has also left room for those who are keen to express

themselves by way of Debate, Presentation on topics related to current issues Skit Writing Competition/Quiz on topic related to General Knowledge, music etc. It implies that this time it is going to be both encouraging and entertaining networking – a milestone possibly not happened ever before in the history of Students Conference 2019 at EIRC.

You have infinite scope to explore and energize by taking part as paper-presenters, volunteers etc. Moreover, I request everybody taking part as audience not to just sit and see but to give your views and ask questions whenever you find it feasible.

Beyond Students National Conference, We are also organising Students Sports Meet on 17th June, 2019. Branch Level Talent Search will be held during the month of June 2019.

However, let us join hands together to take EICASA to a new high.

Swami Vivekanand said, "it is a biggest crime to think oneself weaker."

With lots of love and affection,

CA Hari Ram Agarwal
